Key West, FL 33040

Dear Josh,

On behalf of AIDS Help, I would like to thank you for supporting us with the removal of cooking oil at Taste of Key West. More than \$129,000 was raised at the 2009 Taste of Key West and the Vintners' Dinner.

The money raised will play an important part in our ability to continue ensuring that those who need our organization have competent medical attention, decent housing, proper nourishment and compassionate care. Our monthly caseload now exceeds 335 people and we are continuing to see government funding streams being cut. The result is that AIDS Help faces steadily increasing costs and relies even more heavily on private donations.

Our sincerest thanks, once again, for your support of AIDS Help's work throughout the Florida Keys community. Thank you for caring and thank you for being there.

Sincerely,

Robert Walker  
Executive Director
