

25 March 2025

Board of Education
Monroe County School District
241 Trumbo Road
Key West, FL 33040

Board of Education:

I am excited to express my interest to be the next Superintendent of the Monroe County School District. I am dedicated and passionate about public school education and committed to providing leadership to our public schools on a state and national level. I believe I possess the energy, determination, and leadership skills that will benefit the district in its mission to provide school board governance and be a strong advocate for the Monroe County School District.

I bring 25 years of public-school administration experience, including the last 13 years as Superintendent. The past six years I have served as Superintendent of two-unit districts. I have a highly successful administrative career at the local and state levels. This success is derived from my ability to assemble strong educational teams, school leaders, and building relationships within the school community.

I have extensive experience managing school district budgets, assessing school system structures, and ensuring the needs of all students are met. I am particularly good at working with people from all walks of life and know how to build strong teams. I have built strong relationships with politicians, from state and national levels, to help build support for education. During my administration career, I have focused on early childhood education, improving students' academic levels, expanding special education resources and funding, providing students with diverse career and technical education opportunities, and increasing access to dual enrollment college courses.

I also have extensive experience in maintenance and operations of school district facilities including major renovations of our district's 100-year-old high schools, renovation of elementary buildings and early childhood centers, and construction of new athletic facilities.

I recently served as President of the Illinois Association of School Administrators (IASA). Working alongside our Executive Director, the IASA develops short- and long-term goals for the association, promote best practices for educational systems, and lobby for educational relevant legislation to better serve school districts across the state.

I currently serve as a Governing Board Member of AASA (The National Superintendent Association). AASA is the premier association for school system leaders and serves as the national voice for public education and district leadership on Capitol Hill. Its practicing superintendents and other school system leaders establish and oversee AASA's goals. AASA's governance structure engages the considerable talents of its diverse, dynamic membership. This structure assures that AASA is truly a national organization with an agenda that reflects the viewpoints of school administrators throughout the country. I believe this experience has strengthened my skills and prepared me to continue my leadership on a larger scale.

I believe that strong board governance builds effective, efficient, and successful school districts. I also feel that school board members and local and state associations should be strong, visible advocates for public education.

I am a strategic thinker driven by outcomes and results. I have proven experience with developing and executing strategic plans. I am a strong, compassionate leader with the proven ability to inspire, motivate, and engage with students, staff, community, and other educational stakeholders.

I believe that public education is under a great deal of scrutiny in today's world and that educational leaders must be strong in their convictions to address these challenging times. I am seeking the Superintendent position to accomplish just that. Please review my credentials and call me to set up an interview or answer further questions you may have. Thank you and I look forward to meeting with you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kevin Blankenship', with a long horizontal flourish extending to the right.

Professional Accomplishments

Curriculum

- Implementation of new Reading, Math, Science, and Social Studies curriculum for grades K-12 including textbook adoption
- Developed partnership with Pearson Education to provide digital curriculum
- Facilitation and development of K-12 curriculum mapping
- Articulation of additional dual credit courses with community college and establishment of second semester senior program with community college
- Developed, coordinated, and facilitated district wide school improvement activities
- Serve on steering committee for vocational education

Instructional

- Implementation of 1:1 Digital Curriculum Conversion
- Coordinate and implement training for new staff members through mentoring program
- Development and implementation of District's RTI plan, procedures, and activities for school improvement
- Implementation of PLC's in district's schools
- Facilitation of the House system in JH school

Organizational

- Participate in the long term strategic planning for the district (5 year plan)
- Develop and coordinate building project plans including: gym renovation, multi-purpose/common area renovation, new science lab, and restroom renovation.
- Develop and coordinate building renovation plan of district's buildings
- Develop campaign for the 1% County School Facilities Tax (CSFT) passage
- Develop campaign for Educational Fund tax referendum increase (60 cent) passage

Community

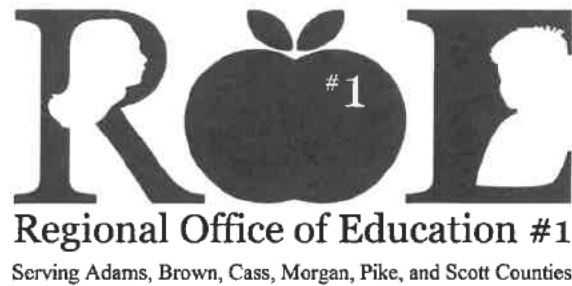

- Development of student school board member policy
- Development and coordination of community service requirement for graduation
- Development of student recognition program
- Improve shared services across districts – academics, transportation, and personnel

Leadership Accomplishments

1. I served as President of the Illinois Association of School Administrators. As the President of the Board, I represent our statewide school leaders in matters of legislative action, professional development, state regulations and policy, and finances. The Board is responsible for the mission of our statewide association and \$10 million in assets. This position is elected by the IASA Board of Directors representing Superintendents from the entire state. The IASA proudly represents over 1,000 school administrators across Illinois.
2. I was selected as the 2018 Two Rivers Region of the Illinois Association of School Administrators (IASA) Superintendent of Distinction. I was chosen by my peers and colleagues as having demonstrated strengths in the areas of Leadership for Learning, Communication, Professionalism and Community Involvement.

I was selected as the 2020 Illinois Superintendent of the Year by Illinois Association of School Administrators and represented the State of Illinois at the AASA National Conference in this capacity.

3. I serve on the Executive Board of the Prairie State Insurance Cooperative. In this role, I assist in managing financial resources, reviewing and developing policies and providing leadership and guidance to our member schools. The PSIC is one of the state's largest property, casualty and worker's compensation insurance pool focused on Illinois school districts. The PSIC consists of over 200 Illinois schools and manages over \$40 million in assets.
4. I serve as a Founding Board Member of the Morgan-Scott Creating Entrepreneurial Opportunities (CEO) program. This program allows students in area schools to participate in an off campus class which provides networking and learning opportunities focused on creating, managing, and building a business.
5. I serve as Executive Chairman of the Board for the The Purchasing Cooperative (TPC). My role is to direct and manage the 50+ member cooperative with purchasing food items through the approved USDA School Food Authority. I also serve on the ISBE task force which continues to explore options of a statewide purchasing cooperative.
6. I completed my Doctorate of Education (Ed.D) at Southern Illinois University – Edwardsville in May 2017. My research reviewed the equity of the Illinois school funding formula and provided for a comparative analysis of the equity measures from a similar study conducted in 2005. It is my desire to conduct another study utilizing my 2015 research and comparing it the new school funding formula recently passed as SB1947.

To Whom It May Concern,

It is my pleasure to write this letter of recommendation for Kevin Blankenship. I have had the pleasure of working with Dr. Blankenship for the past eight years, in the roles of district superintendent and various educational leadership positions within our region and the state. We speak on a regular basis regarding several education issues – instructional, financial, personnel, community-based. He can bring clarity to complex issues, balance community and district needs, provide positive communication, and keeps students at the center of decision making.

When speaking with Kevin, it is clear that he is mission driven. He works to remove barriers so educators can focus on teaching and students can reach their fullest potential. He provides professional development opportunities for staff to learn and grow. He makes decision with students at the forefront which comes from his strong sense of purpose and service.

Dr. Blankenship looks to the future, asks thoughtful questions, and finds workable solutions to issues that fit the needs of all stakeholders. He can facilitate difficult conversations and communicate outcomes of challenging decisions in a way that allows others to see where the best interest of the district and students are at the core of the thought process.

Superintendent Blankenship has an incredible work ethic and is a highly motivated learner. He has an excellent work ethic and is a highly motivated learner. He regularly takes on new learning opportunities to benefit and serve those around him. Dr. Blankenship consistently seeks out information to learn about key issues that allow him to make efficient and effective decisions. He thinks differently and is able to provide multiple solutions to complex problems.

Kevin's leadership qualities lend themselves to serving a district with excellence. I highly recommend Dr. Blankenship for the Superintendent position. His natural gifts, work ethic, and core mission will serve the district, educators, community, and most importantly, children well. Please feel free to contact me if you have any questions or if you would like to speak further.

Jill S. Reis

November 16, 2021

To Whom It May Concern,

I am recommending Kevin Blankenship for the superintendent's vacancy for the 22-23 school year. I worked with Kevin Blankenship for 5 years in the Bunker Hill School District. He served as the high school principal while I was the elementary/junior high principal.

Dr. Blankenship is a self-motivated educator who understands the impact he has on his students' education. During his leadership at Bunker Hill High School, academic and behavior expectations steadily improved each year. Dr. Blankenship not only established realistic and attainable goals, he effectively communicated with staff and students. His focus led to regular improvements in academic achievement and student behavior. His communication skills allowed him to successfully manage both Bluffs and Winchester School Districts respectively. While this is no easy task, Dr. Blankenship has the communication skills necessary to communicate with all stakeholders.

Dr. Blankenship has extensive knowledge of all the inner-workings that must occur in a successful school district. Throughout his career he has conducted financial duties, special education tasks, human resource matters, as well as building and grounds planning. The list is extensive, but he has acquired the skills necessary to oversee departments and delegate responsibilities to his colleagues. This will aid in his transition to a new school district as he can provide advice, allow team members to vent, brainstorm solutions or delegate responsibilities throughout the course of a school year.

As a high school principal Dr. Blankenship was very visible throughout the school year at school functions, visiting classrooms and attending community events. As a superintendent of two school districts this is very challenging, but he continues to prioritize events and make sure he effectively balances his time between the normal duties of a superintendent as well as visiting schools and attending community events. Dr. Blankenship wants the students, staff and community to know he cares!

Dr. Blankenship possesses the unique skill set to adapt his leadership skills to best meet the needs of the district he is employed. He has been successful throughout his career because of his communication skills, drive for improvement, understanding of school operations and visibility. Dr. Blankenship has a proven track record of success and will be an excellent addition your school district for the 22-23 school year.

Sincerely,

Mark B. Skertich, Ed.D.

201 S. FERNE CLYFFE ROAD - GOREVILLE, IL 62939

November 15, 2021

To Whom It May Concern:

I have known Dr. Kevin Blankenship for approximately 21 years as a colleague and as a friend. Dr. Blankenship and I served on several committees together when we were both administrators in Franklin County in the early 2000's and now currently as he is on the IASA Board of Control and future President of the IASA of which I am an IASA Past-President (2013-2014). In addition, Dr. Blankenship and I share a unique responsibility as we are both involved in law enforcement in our respective communities.

When Dr. Blankenship was awarded the Illinois Superintendent of the Year, I completely understood why he was chosen. I have found Dr. Blankenship to be an extremely professional and caring educator. He participates in local, regional, and state professional development opportunities regularly and adds great insight to the discussions at the region and especially the state level. I found that Dr. Blankenship was always willing to take on the hard issues and diplomatically resolve those issues. His dedication with all aspects of the profession is exemplary.

I have always considered Dr. Blankenship to be a tremendous leader and a rising star for children. He has proven himself to be a fine leader for the districts he serves and my endorsement of his abilities for that position was substantiated. He is an exceptional educational leader and truly has his school's best interests at heart. Therefore, without reservation, I would highly recommend Dr. Kevin Blankenship as Superintendent in any school district that is looking for one of the top leaders in the state.

Sincerely,

Steve Webb, Ph.D.
