

Dear Parents and Guardians,

We are thrilled to announce the availability of free 24/7 on-demand tutoring for all students in grades K-12 through *Varsity Tutors for Schools*. In addition to the on-demand tutoring, students can benefit from other valuable resources, including live group classes covering several topics and practice tests with personalized learning plans.

All High School students are automatically enrolled. If your student is an Elementary or Middle School student a permission slip is required. It is important to note that using and signing up for *Varsity Tutor for Schools* is entirely voluntary for students. While the content in all available classes is aligned with educational standards, it is essential to be aware that the courses are open to students of all ages and have not undergone vetting. Parental guidance is recommended.
