Q&A Response No: 1

Q1. Is the district open to any other style clocks to replace the Rauland and Bogen clocks including digital LED style?

A1. We are **ONLY** replacing the Rauland clocks, the Bogen clocks are all new installs and the model that is there is what we want across the school. We have a Bogen Time server so only Bogen clocks will be compatible once the old intercom has been removed.

Q2. Is it the expectation to re-use the existing interior and exterior speakers?

A2. Yes, we will re-use all existing speakers as long as they are operational. An impedance reading is required in the proposal which will determine whether they work or not.
