Q&A Response No: 1

Q1. The existing PA system at the Marathon site is over twenty years old & most likely all copper wiring. Is there spare dark fiber to all the connecting buildings? This same questions applies to the Poinciana Elementary School site.

A1. Current building to building connections are via fiber. If the contractor would like to see the detailed method of connection, site visits can be arranged.

Q2. Are the speakers at the Marathon High School located in the auditorium and in the gymnasium to be replaced?

A2. The notes on drawing E1.1C address the gym. The notes on drawing E1.1G address the auditorium.
