Q&A Response No: 1

Q1. The opportunity requires vendors to submit audited financial statements. We are a privately held corporation and are not required by state or federal law to obtain financial audits. We can provide unaudited financial statements along with the other required information to demonstrate our financial stability and capability to support the school district. Will this be acceptable to the Monroe County School District?

A1. Privately held corporations shall provide proof of ownership and attach unaudited financial statements to the RFP response.
