Q&A Response No: 2

Q1 Can you please clarify the response to Question #3 which says we can have a total of 80 double-sided pages, which is 160 pages total? Since the requirement is for our responses to be submitted electronically and not printed, are you confirming that our uploaded PDF file can have a total of 160 pages?

A1 **The uploaded file may have a total of 160 single sided pages.**

Q2 IV. Proposal Requirements, B. Tabs/Documents Required: Item 8. FINANCIAL RESPONSIBILITY: states for us to provide a copy of the firm's latest financial statement in a separate sealed envelope. Since we are responding electronically do you want our financial statement uploaded as a separate PDF apart of our main response or would you like us to provide this in hard copy to the County prior to the due date/time.

A2 **Financials should be submitted electronically, as a separate file, and labeled accordingly.**

Q3 IV. Proposal Requirements, B. Tabs/Documents Required: Item 4. PROJECT UNDERSTANDING and APPROACH: asks us to provide conceptual sketches on 11"x17" paper showing our initial approach on the project. Can you please provide further clarification on what is intended for the conceptual sketches at this stage noting that only topography surveys have been provided in PDF format. Once clarified, can you please provide CAD files.

A3 **Based on the scope of work, please provide your best initial approach to the site (Team, Design, Existing Conditions, Design Concept). CAD files are not available.**

Q4 Can the Monroe County School District provide the base AutoCAD and aerial file in ".dwg" format that Florida Keys Land Surveying performed per the attached PDF that was included in the RFQ and dated 1/27/21?

A4 **AutoCAD files can be requested from Florida Keys Land Surveying.**
