Q&A Response No: 1

Q1. Our BDM wanted to confirm if you are thinking to install artificial turf for the baseball field.

A1. Section III. A of the RFQ indicates artificial turf is to be installed on the baseball field.

Q2. And if you are, what would be your turf preferences (monofilament or slit film?)

A2. Turf selection will be made after presentation of samples to District representatives by the selected general contractor.

Q3. Is there any indication or direction on synthetic turf specifications? The RFQ does not list any proposed face weights, fiber type, infill composition, etc. Or are you going with the General Contractors turf system recommendation?

A3. Same as A2 above.
