## Arrival & Dismissal Procedures

We need your help! Safety is the most important focus of the parent drop off and pick up procedures. Cars should enter the area slowly (5MPH) in the loop. The right lane (closest to the curb) is the drop off / pick up lane. The left lane is considered the travel lane. To keep everyone safe, students may only enter or exit a vehicle when the vehicle is in the right hand lane. Students may only enter or exit the vehicle on the passenger side of the car closest to the sidewalk. **Drivers should not exit the vehicle!**

**At dismissal, parents must remain in their vehicles** and remain in the loop specific to the grade level they are picking up. For K-4 dismissal, a staff member will approach your vehicle for the student name (placard should be placed in front window) and call for the student to come out at that time. If you are walking up to the cafeteria, those placards still really help.

# HOB Earns 2020-2021 Resilient FLPBIS Model School Distinction

Time to celebrate! Our school has been recognized for our resilience in implementing a school-wide Positive Behavior Interventions and Support (PBIS) framework during the 2020- 2021 school year. PBIS is a set of strategies based in behavioral and biomedical science that enhances student quality of life and reduces problem behaviors. National research shows that full implementation of this framework leads to improved student outcomes. By establishing this framework, we are developing student skills, making changes to the school environment, acknowledging appropriate student behavior, and using data to identify needed supports for our students. As a result of this work, we are being recognized by the FLPBIS Project for achieving PBIS Model School status. This award demonstrates our commitment to the effective implementation of PBIS and our efforts towards achieving positive and equitable

## Vaccination Location

The Pfizer vaccine will be available at the location below. \*\*Pfizer is the ONLY Covid19 vaccine recommended for the 12-17 y/o age group, and these PODs (point of distribution) will have this vaccine type available so we encourage parents that want their child vaccinated to take advantage of this opportunity. A parent must accompany a minor to receive the vaccine. A student who is out of school due to receiving the vaccine will be excused for that time period with a note from the parent.
