Advancement via Individual Determination is the belief that all students have the ability to attend college and / or be career ready when they are given the skills they need to be successful.

Advancement via Individual Determination

Literacy Tip of the Week

Build your child's critical thinking

To truly understand the stories they hear, children need to use their critical thinking skills. These are skills like problem-solving, predicting, explaining and evaluating, and they are what allow your child to "read between the lines" to figure things out that are not actually stated in the book. Encouraging this kind of thinking early in your child's life will prepare her for understanding the books she'll read on her own later.

UNIFORM POLICY

Students must wear the approved HOB logo shirts only. These are available at Ramona's Conch Creations and the HOB Office.

Arrival & Dismissal Procedures

We need your help! Safety is the most important focus of the parent drop off and pick up procedures. Cars should enter the area slowly (5MPH) in the loop. The right lane (closest to the curb) is the drop off / pick up lane. The left lane is considered the travel lane. To keep everyone safe, students may only enter or exit a vehicle when the vehicle is in the right hand lane. Students may only enter or exit the vehicle on the passenger side of the car closest to the sidewalk. **Drivers should not exit the vehicle!**

At dismissal, parents must remain in their vehicles and remain in the loop specific to the grade level they are picking up. For K-4 dismissal, a staff member will approach your vehicle for the student name (placard should be placed in front window) and call for the student to come out at that time. If you are walking up to the cafeteria, those placards still really help.

“Vaccination remains the best way to protect individuals from serious disease, hospitalization, and death,” said Dr. Mark Whiteside, Medical Director for the department.

Events are open to the public. No appointments, walk-up only. Those age 12-17 must be accompanied by a parent or guardian. The events, including type of vaccine offered, follow:
