

Key Largo School 2022-2023

Drop Off and Pick Up Procedures

In order to comply with the Public Safety Act's security policies, Key Largo School has a single point of entry for students. The campus will be accessible to students and staff only.

Key Largo School's enrollment is continually growing. We need your help to keep the school and your children safe. EVERY child's safety is important to us. It remains our highest priority to ensure that students enter and exit cars in a safe and organized manner. We ask everyone to follow our pick-up and drop-off procedures correctly. Failure to do so creates chaos, frustration, and unsafe conditions. Each family should discuss these pickup and drop-off procedures. Thank you for your continuous support in making KLS a safe and productive environment for all.
