

Monroe County School District
240 Trumbo Road, Key West, FL 33040
305-293-1400

**Does your child need social, emotional or behavioral support?
Do you and/or your family need emotional, financial or other supports or resources?
Our School Social Workers are here for you!**

Monroe County School District is committed to our student's and family's social, emotional health and overall well-being during this very unique time of school closure due to COVID-19. One aspect of our commitment to our students and families is to provide continued social, emotional and behavioral support. The purpose of offering this support is to help close any gaps in social, emotional or behavioral well-being that may occur between now and the time our students return to school, to mitigate any difficulties when our students transition back into school after a long and unexpected break, and to provide support to parents as they navigate the challenges of self-quarantining, social distancing, and virtual instruction with school aged children.

Our school social workers are here to help you navigate the day to day challenges that arise due to the impacts of COVID-19. This includes general social-emotional-behavioral issues with your school aged child at home for extended periods of time, financial challenges due to job closures and lay-offs, access to digital devices and internet for virtual instruction, and any other general supportive needs.

Our school social workers will be available **Monday-Friday from 9:00-10:00 and 1:00-3:00** via telephone. You can also email them directly to request a call back at another time between the hours of 8:00-4:00. Please call the school social worker listed below according to the school your child attends.

General Location	School	School Social Worker	Phone Number	E-Mail
