Students can visit the Media Center to browse for books, or students can access our online database by clicking [here](#). Some of our new titles are featured in [FAME](#) (Florida Association for Media in Education). These particular books are part of a "statewide reading motivational program. The purpose of this program is to encourage students to read independently for pleasure and to read books that are on, above, and below their reading level in order to improve their reading fluency. Sunshine State books are selected for their wide appeal, literary value, varied genres, curriculum connections, and/or multicultural representation." (FAME 2022).
