

ADAPTIVE TEST TAKING STRATEGIES

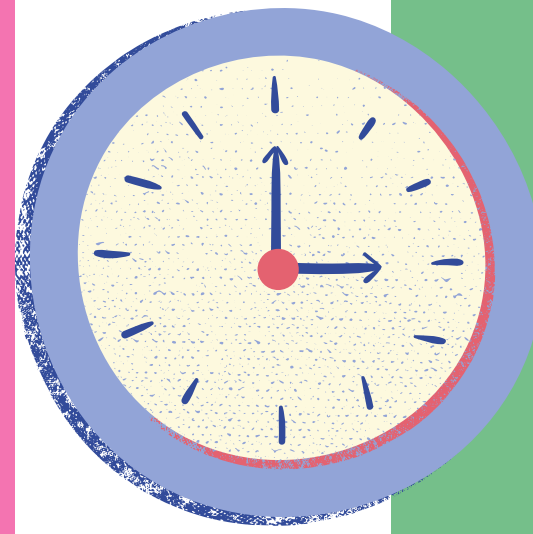

BEST EFFORT ON EACH QUESTION

Take your time on each question. Treat each question like it is the only one on the test!

TIME MANAGEMENT IS IMPORTANT

Be sure to use time management skills. If you are frustrated, its ok to answer and flag the question for review later.

AVOID RUSHING

Do not rush through the first time. Give each question careful consideration before answering!

EACH QUESTION DETERMINES THE NEXT

Its important to know that the test knows how you are doing. It will give you questions based on how you answered the previous question. Do your best!
