Next meetings for 2022: February 9th @ 6pm.

Principle Report:

School Improvement Plan

District is migrating the school website and will be sending out multiple surveys. They want to make it user friendly and are taking suggestions.

They will be having a Strategic Planning meeting for 2022-2025 on Feb 16th in the CSHS Performing Arts Center. Information that is gathered from Key West, Marathon, and Tavernier will be discussed. They would like to see parents and community members attend this meeting and give input.

School Safety/Mental Health

A grant from Community Foundation of the Florida Keys Future Fund was given to the schools. Coral Shores high school is planning a Carnival on January 21st. It will be one grade level at a time. Some of the things that are planned are Kickball, Open Gym/Basketball, and an obstacle course. We will be having dress up days all though the week and on Friday will be class color shirts. This will help with keeping each grade grouped together.

Testing

There will be three SAT testing days and ACT testing will have one day. This is addition to other upcoming testing.

They are having SAT tutoring starting next week with the AVID teacher. Contact Ms. D. to sign up for testing.

Discipline

There were some issues with Tik-tok that have been handled and has calmed down. We only have one bathroom closed/lockdown due to profanity on the walls that still need to be cleaned up.

Covid Updates

Contact tracing for Covid positive students has been discontinued with the Department of Health at this time.

Covid numbers were rising with coming back from the holiday break. Last week we had many staff and students out positive. This week the numbers are much lower.

Masks are now optional, and we are seeing more students and teachers wearing masks with the omicron outbreak in the Keys. All visitors are required to wear masks while on the school premises.

If students are out for Covid they need to go into Google Classroom if they are up to it and make up their work. If they are really ill, then they should rest up. When looking at the grades in Focus, a Z=zero is a reminder for the student that they need to make up work. If is a X=excused.

Other:

The Culinary class went on a field trip to Playa Largo and had a great experience with touring, cooking, and eating with the Playa Largo Chef's. They are planning to have the Chef's come to the school and cook in our culinary kitchen with the students.

The Marine Mechanic students went on a trip to Key West by a charter bus to see the Off-Shore Boat races. The students had a really good time.

Upcoming

The next School Board Meeting is set for Jan 25th @ 5pm.

We are planning a curriculum night for March 9th for Parents and students. There will be help for parents needing assistance signing up for Focus. Next year they are planning to add Driver's Ed, and most likely French II for electives.

Grad Bash – April 1st, Prom – May 14th , Senior Awards – May 24th , Graduation - May 25th.

Meeting Adjourned by Jodi Lesko at 6:30 p.m.
first by Joy Smith, seconded by Daren Pais.
