

Coral Shores High School  
COLLEGE VISITATION FORM

Students are permitted to visit college campuses during the school year and have it considered a "School Related Absence" (much like a field trip) under the following conditions:

1. The student has provided his/her teachers advanced notice of the absence and agreed to all make up work for days missed. (Teacher signatures required prior to leaving)
2. The student will get this document signed, stamped and dated by the college visited.
3. Parent signature required
4. Student must not exceed **4 days of college visits throughout high school and no more than 3 of those days within ONE school year**. It is up to the student to keep track of number of days he/she misses due to college visits. ( If the number is exceeded, a school related absence will **NOT** be granted, and make up work does not need to be provided by teachers.)
